About

Newline is a New Zealand owned and operated company located in Tauranga. We have been manufacturing and distributing showers for over 35 years and during this time have introduced a number of innovative products to the New Zealand market.

We offer a wide and comprehensive range of showers, encompassing both acrylic and tile

enclosures which can be viewed in our Tauranga showroom.

If your requirements don't match our standard range of tile showers, we can also custom manufacture glass enclosures and tile trays to meet individual design specifications.

Please call one our friendly staff if you need any help 0508 NEWLINE

How to order an Acclaim Shower

Select Door

Choose: Size & Frame colour

Contemporary minimalist design with a premium finish and technical innovation is what makes the Acclaim range of 10mm glass shower doors stand out from the rest.

Available in 2-Sided, 3-Sided or Neo options, the Acclaim range is now available with a colour upgrade offering brushed brass, brushed nickel and gunmetal grey, matched with an acrylic shower tray or ProFinish™ Tile Tray.

HINTS:

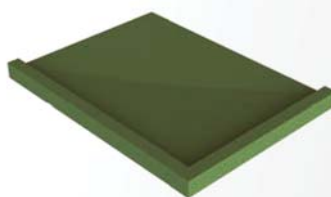

- If choosing a black shower, a colour upgrade on your hardware can enhance the look.
- When measuring size, the door set sits 30mm inside a hobbled tray by measurement.
- For tile trays, Centre waste is standard. Hobbled goes above the substrate, Recessed (level entry) is below the substrate. If choosing an acrylic, we suggest also getting the seal set.
- Channel Drain trays include the waste.

The Acclaim is a frameless glass shower, if the shower rose is pointed directly at the door, water leakage will occur. An acrylic seal package will help to prevent water spillage on the Acclaim Acrylic showers.

How to order a Ravello Shower

The Ravello is a premium 8mm frameless glass shower with a smooth sliding roller door system. This shower features functional design with 2-sided and 3-sided options available.

The Ravello is a wise choice for maximising your bathroom area and eliminating extra space required by opening doors. For those wanting to make a statement in their bathroom and invest in quality craftsmanship, timeless design and a superior shower the Ravello is yours!

HINTS:

- If choosing a black shower, a colour upgrade on your hardware can enhance the look.
- When measuring size, the door set sits 30mm inside a hobbled tray by measurement.
- For tile trays, Centre waste is standard. Hobbed goes above the substrate, Recessed (level entry) is below the substrate. If choosing an acrylic, we suggest also getting the seal set.
- Channel Drain trays include the waste.

Tile Wastes Channel Drains

Newline has designed a revolutionary channel drain system to complement the innovative ProFinish™ Tile tray system.

Offering a sleek minimalistic approach to your stylish tile shower. Designed for everyday living, yet easy to access and clean. Available in high quality stainless steel cover, or a tile insert cover. Newline now also offers a black finish to match your decor.

FEATURES:

Slimline Design
A slim 70mm profile that creates sleek minimalistic design to your shower.

Unique Fitting Channel
Can be fitted flush against wall.

High Quality
Our channel drains are made with 316 marine grade stainless steel, known for its strong resistance to corrosion and adds stylish durable touch to your shower.

Fast Water Drainage
Designed with an increased fall to the outlet for fast water drainage.

Reversible
Reversible channel insert for a stainless steel or tile insert option.

Black Option
Powder coated black for a robust stylish option.

ProFinish Tile Tray System

FEATURES:

FLEXIBLE OPTIONS

Flexibility with the size, shape and drain position eliminates expensive structural floor changes

MULTI-INSTALLATION

Can be installed onto solid timber, particle board, concrete or slate/tile sub floors

NZ MADE

EASY INSTALLATION AND CONSENT

The ProFinish™ installation process also simplifies the resource consent procedure

INSTANT PROFESSIONAL SLOPE

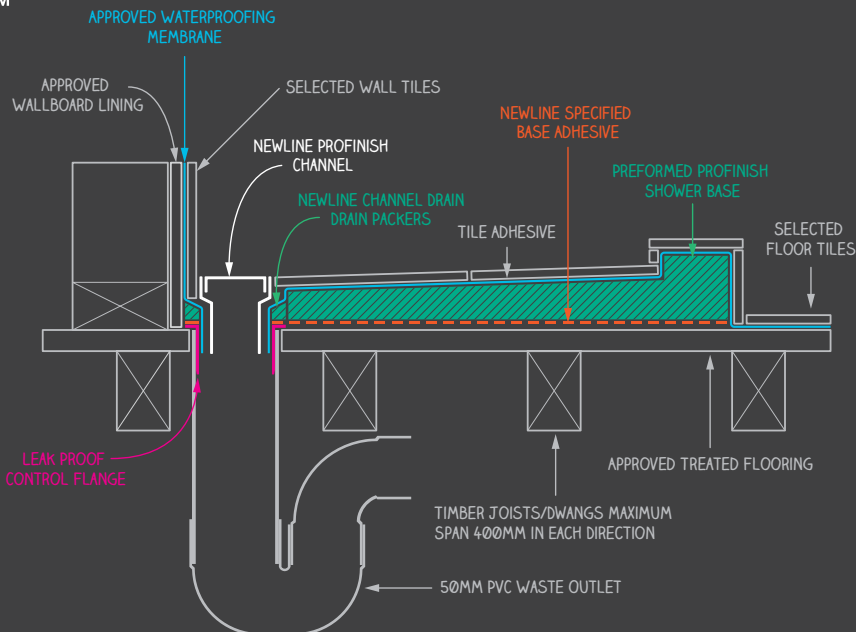

ProFinish™ provides an instant slope for tiled showers while creating a professional finish

CHANNEL DRAIN OR TILE WASTE

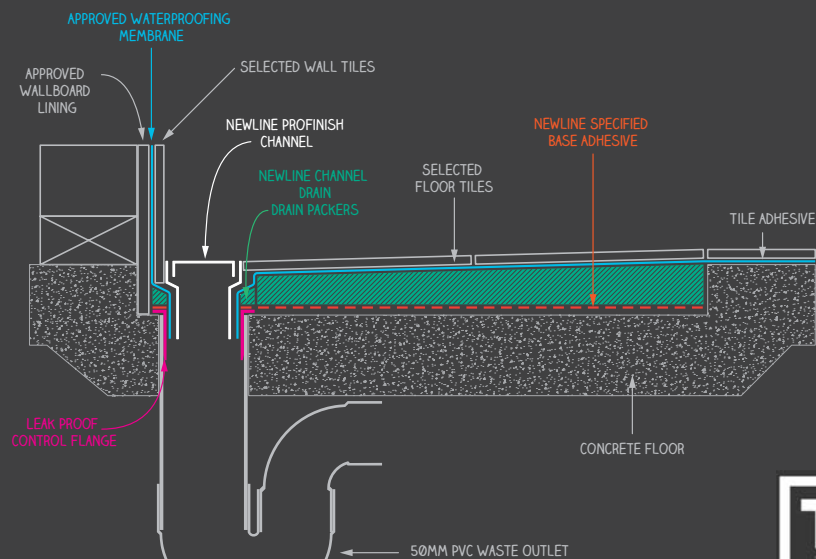

Suits channel drain or standard tile waste. Tile waste sold separately

CUSTOM OPTIONS

Trays standard with 60 x 60mm hob or recessed trays available. Custom options also available

Hob Channel Drain

Recessed Channel Drain

SPECIFICATIONS:

MATERIAL: Lightweight rigid polyurethane.

COMPRESSION STRENGTH: 229kg to create 1mm of deflection and 2193kg to create 2mm deflection.

CYCLIC TESTING: 36589 cycles (4 showers daily for 25 years) were tested to simulate use of the tray as a waterproofing substrate in a shower. No visual failures evident to applied waterproofing membrane.

ELONGATION: Tension failure to >3mm

20 YEAR WARRANTY

Newline ProFinish™ products will hold form and shape for 20 years if protected by moisture by an approved waterproofing membrane which has been applied by an approved waterproofing applicator. Failure to use the recommended glue, sealants and follow installation instructions supplied will void any Newline warranty.

Aquacheck Acrylic Trays

ABOUT:

Newline acrylic shower trays feature the patented AquaCHECK™ technology. Part of this technology is the AquaCHECK™ seal across the top of the tray upstand that combines to provide an anti-capillary gap. There is no provision for water tension to elevate the liquid up behind the acrylic liner.

FEATURES:

AQUACHECK™ TECHNOLOGY

Exclusive to Newline acrylic showers. Helps prevent water damage and eliminates silicone within shower unit

EASY CLEAN WASTE

All acrylic trays are supplied with a Newline Easyclean waste.

40MM HIGH

Sill height is 40mm with a 40mm upstand.

WARRANTY

5 year warranty
