SEALS

Shower Door Seals

HOW TO CHOOSE YOUR SHOWER SEAL

1 Measure the thickness of the glass.

Shower glass thicknesses usually vary from 4mm up 12mm.

2 Measure the gap between the bottom of the glass and top of the bath or tray.

Check this measurement in a few different places, as the gap can sometimes vary in size.

3 Measure the overall length of the glass.

Check this measurement in a few different places, as the gap can sometimes vary in size.

ROLLER & WHEEL SETS

HOW TO CHOOSE YOUR ROLLER / WHEEL SET

1

Remove your roller(s)

You will have to remove the roller(s) from your shower door so that you can move the next step.

2

Measure your roller(s)

Identify the sizing of your roller by measuring each part of the roller. Bear in mind that some measurements might be 1mm-2mm off due to wear and tear. See below our Roller Sizing Guide.

ROLLER SIZE GUIDE

To check you are getting the correct roller size for your shower, make sure that the measurements are the same for A, B, C, D, and E.

A. Wheel Diameter

B. Wheel Width

C. Diameter of hole in glass

D. Glass Thickness

E. Distance between centre of fixing hole to edge of glass

EXPERT TIP: Bear in mind that due to wear and tear, some measurements might be 1-2mm off. The entire measurements provided above is usually the minimum size hole that the roller will fit.

HINGES & PIVOTS

Shower & Bathscreen Hinges

HOW TO CHOOSE YOUR SHOWER DOOR HINGES

1 Measure the thickness of your shower glass.

Shower glass thicknesses usually vary from 4mm up 12mm. If your door is 4mm thick, then your shower hinge needs to be 4mm.

2 Check what type of hinge you have.

Check if your hinge is wall-mounted, glass-to-glass, 90 degrees, 80, 135 degrees and more. Note that Newline Showers only sells 10mm hinges.

TERMS & CONDITIONS

Warranty

All working parts and PVC seals have a warranty of 12 months. Timelines of warranty applies from original purchase date. The warranty is invalid if the warranty claim has not been notified to Newline or their approved retailer within ninety (90) days of the problem first appearing.

Returns & Replacements

No parts will be accepted for return without the prior consent of Newline. Any products considered for return must be accompanied by the packing slip and must be in original unused, undamaged, resalable condition within 90 days of purchase.

All cost associated returns are the responsibility of the customer. There will also be a 20% restock fee and freight charged for all returns. Newline must be notified within 24 hours of purchase for damaged product.

Freight

Freight charges on parts may apply. Call 0508 NEWLINE to check whether freight charges apply to your order.

Pricing

For pricing on a specific product, please head over to our website – newline.nz for full details and pricing.

Missing/Incorrect Information

Newline has taken care to ensure all details provided in this catalogue are correct to the best of our knowledge. If you notice any errors, or information that should be included in this catalogue, please email our team at info@newline.co.nz
